Junior Agent Eric Reynolds' sole assignment is to locate the elusive hacker, Finn Powers, and to protect him from the ISIS terrorist who's already beheaded Finn's friends. There's only one problem. The frightened civilian won't stay put. Eric chases him from Amsterdam to England, then onto Ireland, before he finally makes first contact. The moment they meet, Eric senses an eerie connection, as if he's met this troublemaking genius before. In a dream? Or a nightmare... Finn isn't a man at all.

He's Eric's ex-wife, a.k.a. Shea Powers Reynolds, disguised beneath layers of a fat suit. In a dizzying fall from grace after the death of their only child, she's been running scared and off the grid for two long, hard years. The day Shea witnessed her friend's murders she knew she was next. There's only one man who can save her now—Eric. If he'll still have her...
