One night can change everything ... William Donahue is far too handsome, rich, and famous for his own good.

He spends his life traveling, partying, and doing business -- always leaving a trail of publicity and gossip behind him. When he hears that a one-night stand he barely remembers is carrying his child, his first thought is that she's lying. Charlotte Peterson is quiet, responsible, and tenderhearted. She's not the kind of girl who has a wild one-night stand with a sexy stranger -- except that she did.

And when she's thrust into the limelight, it's more than she's prepared for. Now, sequestered at his English mansion, Charlotte and William must come to grips with their feelings ... and their future. Can a bad-boy billionaire settle down and open his heart to love with the the shy, sweet mother of his child? Or will his playboy ways sabotage their happiness? **** This is a standalone full length BWWM romance with an HEA. **** Your copy of "One Night Only" (approximately 51,000 words) includes a BONUS BOOK by Kayla Watkins
