Smart strategies to help guarantee your retirement through smart investments. The 10-Minute Millionaire is the comprehensive guide to shoring up retirement funds. With expert insight backed by data, the book provides clear guidance and actionable steps toward fine-tuning your investment strategy and providing for your future. You'll discover how to achieve superior returns by combining income and capital appreciation, and how to utilize all available opportunities to make the most of your money. The book covers everything from fixed income and equities to private equity and covered calls, giving you the tools you need to make your money work for you. One out of two American adults today is over the age of 50, and lacking sufficient investment income to fund retirement. Traditional income investments like CDs, money market funds, and investment-grade bonds are generating historically low returns below the rate of inflation, and traditional investment strategies are no longer sufficient. A growing number of investors need to earn significant cash flow with a portfolio of income-producing investments that will grow over time to fund their golden years. The 10-Minute Millionaire shows you where and how to invest to keep the cash flowing. Topics include: Using investments as retirement income Low-return strategies to avoid Generating exceptional returns

Non-traditional vehicles and other opportunities The workforce is aging, and the cost of living is climbing. It's imperative that you take your future into your own hands, and work now to guarantee your retirement. It's never too late to be a smart investor, and *The 10-Minute Millionaire* gives you the ideas and strategies you need to whip your portfolio into shape.
