Cinnamon is a little girl who's different in a big way. She's a smart seven-year-old who likes to stick to her routines. But sometimes she gets stuck in these routines and can't stop until she gets them exactly right. Her parents say this is called "OCD." But Cinnamon doesn't mind it too much, because even though she gets stuck on some bad things, she also gets stuck on many good things. Soon, Cinnamon realizes that the OCD is a part of her, and it is part of what makes her special!
