Amid Seattle's gray skies and emerging grunge era, a runaway subculture has taken root in the shadows of the city. A time before Amber Alerts and mind-numbing technology, kids roam the streets relatively unnoticed.

They dress in black, call trailer parks and abandoned buildings "home" and, without consciously knowing it, form the undulating engine that is Seattle's rising music scene. There are no rules for these outcasts and it's this antisocial lifestyle that makes them perfect prey for a serial killer.

Based on actual events, My Emerald City is the story of an abandoned child's struggle with substance abuse and her brush with the most prolific serial killer in American history.
