I've forgotten what it means not to fight. From the special forces to the boxing ring... even in love. And I lost it all. Until I met her... My new agent. Having someone believe in me again, care for me, even if it's just professional, is dangerous. My daughter Hazel and I have been alone so long, I don't want her to get attached and have it ripped away. But I find myself falling for Kylie, and I want to give up the fight. But will she feel the same? This standalone romance is a love story with lots of steam, no cliffhangers and a heart-melting HEA guaranteed! For a limited time, a new version of my novel At Last (not available anywhere else) is included for your enjoyment.
