Jillian thought she had everything she needed until Jackson walked through her door... There's a wedding coming to Honey Creek and the whole town's preparing for the party. When Jillian Parker agreed to host a few groomsmen at her inn, she had no idea what she was getting into. One of those groomsmen is Jackson Tate, and he's making her concentration completely impossible. He's funny, fascinating, frustrating, and leaving in a week. Jillian does not have time for that level of distraction. With Jackson nearby, events to coordinate, a bride to please, and an ex-fiancé to dodge, her peaceful life's getting crazy fast. With any luck, she'll survive the week and put the whole thing behind her as soon as possible. ...But not if Jackson has anything to say about it.
