The last time Kelly saw her best friend's older brother, their lives were full of promise. Liam was a top draft pick for the NFL, not to mention scorching hot. Kelly was headed to the most prestigious music conservatory in the country. Four years later, every sports fan in the country knows Chad's name.

But Kelly? She's still living in her hometown, working the same minimum wage waitressing job she'd worked since she was fifteen, plus another one to support her 3-year old daughter. Disowned from her family, she's done her best to distance herself from her old friends, all of whom have moved on to successful careers. But Kelly's best friend is back in town and planning her wedding, and she wants Kelly to be there. Kelly can't hide any longer.

Soon the secrets she's kept for four years are going to come to light...
