Here are four of Alexis Blake's best selling series, available in one Complete Collection! **Love Me Deeply:** Emma Browning has worked hard to secure the number-two seat at the company her father co-founded. The only thing standing in her way of the CEO job is Cameron Roberts, the son of her father's partner and Emma's lifelong nemesis. Cameron is every bit a sexy man as he is a commanding boss, though Emma is every bit as smart and capable as he is. When the prospect of acquiring a new resort presents itself their fathers decide to send them both to check it out. Emma couldn't be looking forward to it : A few days spent with the man who holds her heart, but has never been than an arm's length away from her. But will either of them own up to their feelings? And how will Emma react when she discovers Cameron's unique sexual tendencies? **Proposition:** Samuel Benedict has been gone for 10 years. But now he is back and Katie's never forgotten the boy she grew up with—the only boy who had ever captured her heart as well as her other secret desires. This Samuel is different from the person she knew ten years ago - now a devastatingly handsome man with a forceful yet mysterious demeanor that oozes sex appeal - he is determined to get Katie back in his life, at any cost. But is it possible that he wants more than what they had a decade ago? Will they be able to remain just friends, or is the desire for something more too intense for either of them to resist? **Secretary:** When sexy and alluring executive James Carter walks in to his office to see his new assistant holding the paddle he keeps in his top drawer, the professional barrier between boss and secretary will be changed forever. Seeing her makes his desires boil to the surface and James takes Clara to sexual heights she has never known—right there in the middle of the office. As they explore their deepest fantasies together, Clara worries she's made a terrible decision that she might not be able to turn back from. But with James Carter, anything is possible... **Tainted**

Love: Alice Smith loves her job as the personal assistant to Grant Anderson, even though she has only been with the company for a couple of months. Grant is sexy but his cool demeanor and ability to hide his emotions leaves Alice feeling confused, but also tempted. Occasionally she catches the sidelong glances he casts her way and can't ignore the fluttering in her stomach when he is around, though he more than intimidates her. When he gets his latest consulting assignment in Iceland, she is more than thrilled that he requests her presence. Going out of the country with a man that she finds dangerously sexy could prove to be more than she can handle. Will Alice find herself mixing work and pleasure? This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book.
