Angyl Brooks doesn't trust men. At least not since her ex-husband, David, had been in her life. Now in jail for attempted murder - her murder - she and her son, Nathan, are beginning to pick up the pieces. But after a horrifying attack by a rogue vampire, Angyl finds a new friend and protector in Ace Evergreen. But Ace has a secret. Romance ensues as Angyl is thrust into a world she never knew existed, filled with vampires, werewolves, and demons. Can Ace and Angyl make their two worlds come together in harmony? Or will Angyl's past collide with her future in ways she never thought possible? "Angyl please talk to me, I can explain, please listen." Ace pleaded "Wwhat are you?" "I'm a vampire."
