Is the Holy Bible a compilation of mere human accounts or is it God's word for mankind given in human languages under divine inspiration? Is the Holy Bible filled with contradictions and errors or is it because the Holy Bible is misunderstood and misrepresented? Does the Holy Bible teach irrational doctrines or is it because the Holy Bible is too lofty for the human mind to comprehend its doctrines? These are some of the significant dilemmas that will create barriers between Muslims and Christians when it comes to the discussion about the Holy Bible. Christians in general take it for granted that the Holy Bible is God's word to mankind. However, when this fundamental belief of the Christian faith comes under attack by Muslims, Christians either shaken in their faith due to shallow understanding of the Bible or shun away from Muslims due to lack of ready answers to offer to the questioning Muslims. Both of these responses are detrimental to the Christian witnessing to our Muslim neighbors. Here in this book Bro.Abdul Rub enumerates and exposes the fallacious assumptions Muslims make about the Holy Bible and also expounds upon the firm foundations of the Christian faith in the Holy Bible as God's word! Bro.Abdul Rub has been studying Islam and witnessing to
